

Recycling Guide

Step-by-Step Guide to Separate Waste at Home

Step 1: Know your bins

Green = Organic (food scraps, plants)

Blue = Paper & cardboard

Yellow = Plastic, glass & metal

Step 2: Clean your waste

Rinse containers before recycling.

Remove food residue from packaging.

Step 3: Separate at home

Use different bags or containers for each type.

Keep organic waste in a sealed container.

Step 4: Take it to the right place

Use the recycling stations in San Gil.

Check our map for the nearest location.
